BUILDING B

OVERVIEW

Building B is arranged over 7 levels, with 18,203 sq ft currently available across Floors 1–4. Each upper floor provides approximately 4,550 sq ft and can be taken as a whole floor or divided into split suites from approximately 1,752 sq ft, with fitted options and areas flexible on request. The ground floor includes the building’s impressive reception area, plus cycle storage, changing rooms, showers and lockers.

READY TO MAKE YOUR OWN

The upper floors of Building B provide bright, open-plan floorplates of approximately 4,550 sq ft, offering a flexible blank canvas for occupiers to create a workspace that suits their needs. Generous natural light, exposed services and impressive waterfront views give the space a distinctive contemporary character.

FLEXIBLE BY DESIGN

SPLIT & FITTED FLOORS

Floors 1–4 offer the flexibility to be occupied as whole floors or divided into split and fitted suites, creating workspace tailored to a range of occupier needs. The layout shown is indicative, with suite sizes and configurations flexible on request.

4 self contained showers, one with disabled access

36 cycle spaces, 36 lockers, electric bike charging point and a bike maintenance area

Smart Spaces Assembly app using the latest technology

Commitment to reduce energy, water and paper consumption and associated CO2 emissions

Telcom – ultrafast broadband already connected

BREEAM rating for the overall performance of a new construction: EXCELLENT

EPC A

RECEPTION

- The main entrance is located at the end of Cheese Lane with automated double doors.
- Highly flexible ground floor space and reception, containing a bespoke reception desk and occupier signage.
- A separate rear entrance will be provided adjacent to the bike store and also connects to the end of Cheese Lane.

OFFICE FLOORS AND CEILINGS

- The design intent has been to maximise the sense of space on the floor plates by omitting as much solid ceiling as possible and exposing the structural soffit.
- Typical floors – 3.25m floor to soffit, 2.8m floor to ceiling if installed, 2.7m to underside of main service distribution route.
- 150mm (nominal) raised access floor.
- Opening Windows.

LANDSCAPING OUTSIDE SPACE

- Access from ground floor to extensive waterside public realm and new high quality estate landscaping.
- Public art by renowned artist Alex Chinneck.

OCCUPANCY

- WC provision 1:8 sqm with 80% utilisation factor.
- Occupational density of 1 person per 8 sq m.
- Means of escape 1 person per 6 sq m.

PARKING SPACES & ACCESS TRAVEL

- Cycle store has a dedicated entrance accessed from Cheese Lane with access control automated doors.
- A dedicated shower, changing and locker facility for cyclists.
- 36 cycle spaces, plus 42 visitor spaces on the estate together with a Brompton Hire Locker on Temple Way.

WCS & SHOWERS

- WC provision is located in the core and provided as superloos with an accessible WC at every level.
- Secure cycle store has direct access to the rear entrance into the changing and locker facility located on the ground floor.
- 4 self contained showers, one of which has disabled access.

ELECTRICAL SERVICES

- LED Lighting: Offices 400 lux (target) at desk level.
- Digital lighting control system.

LIFTS

- 2 passenger lifts, one with 21 person capacity (1,600kgs) which will also act as a goods lift and one 13 person which will also act as a firefighting lift.

PERFORMANCE

- Sustainable management - The building is to provide a continual commitment to reduce energy, water and paper consumption and associated CO emissions by merit of its design.
- BREEAM Excellent.
- EPC A.
- Well Platinum.

MECHANICAL SERVICES: OFFICE PERFORMANCE

- Cooling will be provided by VRF air conditioning using soffit mounted fan coil units zoned in accordance with BCO guides.
- Sprinklers on every floor
- Fresh air rates exceed current regulations, heat recovery equipment prevents cross contamination risk. Fresh air will be provided by a centralised air handling unit with thermal recovery located on the roof.
